PROFESSIONAL SUMMARY

An experienced and highly motivated **frontend developer** with a strong passion for learning and building websites that provide a great user experience.

EDUCATION

BS, Computer Science, University of Colorado Boulder

August 2019 - Current

RELEVANT WORK EXPERIENCE

Freelance

November 2021 - Current

- Engineered scalable, responsive, multi-platform, and SEO friendly websites for clients using HTML5, CSS3, JavaScript ES6, and React
- Communicated business requirements and delivered high-quality solutions
- Connected to backend using API's through CRUD HTTP requests

Intern, Itemize

February 2022 - May 2022

- Operated in a team of 3 members that is responsible for the redesign of Itemize's dashboard
- Collaborated with team members and professional UX/UI designers for the implementation of both responsive and functional updates

PROJECTS

Personal Website chaylin-gokan.com

- My personal website highlights my programming skills and also contains the source code and website links for all my projects listed below

Library App ([View Project](#)) - ([GitHub](#))

- Improved website performance by compressing, catching, and lazy loading images and components
- Included SEO, responsive, multi-platform, and skeleton loading states to improve user experience

Disney+ Clone ([View Project](#)) - ([GitHub](#))

- Utilizes Firebase as a database for Google authentication to handle and display data from the user safely and securely
- Redux is used to complete the sign in functionality and store the user's data.

E-Portfolio for Client ([View Project](#)) - ([GitHub](#))

- Responsive and multi-platform E-Portfolio built for a client using semantic HTML5 and CSS3 (+BEM) best practices
- Provided support for search engine optimization for higher indexing through Google's search engine crawler
- Included responsive and multi-platform support. Increased recruiter response rate by 30%
